

A Capricorn Kind of Month

Merriment is in the air as the veil of winter slowly lifts. At TOM FAULKNER we celebrate the longest standing design, the *Capricorn*. Named after the two 'C' like horns of a goat – symbolic of the Capricorn star sign – this iconic silhouette has weathered many a moon and sun, mastering its position as a TOM FAULKNER classic. The complete collection comprises of a dining table, console table, side table, plinth, lamp, and candle stick.

Capricorn dining table

Oval Dining Table finished in Anthracite with a polished brass top bonded to the glass - £9,410 inc. VAT

As the signature piece in the collection, the *Capricorn* dining table is timeless and elegant. With its strong sculptural design and bold curves, this table is deceptively simple. The base comprises four pieces of sheet metal that have been seamlessly joined, rolled, and welded to create the perfect arc. The *Capricorn* dining table is available in a variety of sizes, finishes, or shapes to suit any space or need.

*TF TIP – We love to pair this table with the *Tiffany* chairs for a graceful and striking composition that gives the base space to be appreciated.

Capricorn console table

Capricorn Console Table finished in Old Brass with Arabescato marble - £6,970 inc VAT

Found throughout the entire *Capricorn* range is the spirit of enduring simplicity. The *Capricorn* console table creates the impression of grandeur without any unnecessary ornament. Breath-taking in a foyer or entrance hall, this console table stays true to Tom's passion for understated but compelling designs.

*TF TIP - Request the base in an Old Brass finish and top with Arabescato marble for a statement piece, or choose a Black Patina base and glass top for a more contemporary approach.

Capricorn plinth

Innately sculptural, the *Capricorn* plinth provides a gorgeous solution for displaying flowers, artwork or other objects. Like the entire *Capricorn* collection the plinth is available in a variety of sizes and finishes.

*TF TIP – Tom loves the polished stainless steel *Capricorn* plinth in the centre of a darkened room where the smallest hint of light will be reflected, creating a sensation of fluidity and mystique.

Capricorn Plinth finished in Rose Pewter - £3,375 inc VAT
