

### *Angel Dining Chair*

Angel is a streamlined, cantilevered chair that's designed to pair with our Angel dining table. The collection was inspired by Antony Gormley's Angel of the North sculpture, adapting elements of the artwork into functional pieces of furniture. The bold steel legs are carefully forged to taper towards the tips, giving this metal dining chair a certain sense of grace. The legs extend continuously up each side of the chair to form its streamlined structure. Make the chair bespoke with your choice of standard or specialist finish, paired with our in-house upholstery or your own fabric (COM) or leather (COL).

#### **Materials:**

Steel frame upholstered in TF Leather or COM

Finishes: Standard

#### **Lead Time:**

10 Weeks

#### **Product Dimensions**

Height: 90cm/35.4in

Width: 45cm/17.7in

Seat Height: 49cm/19.3in

Seat Depth: 45cm/17.7in
