

### *Apollo Rectangular/ Square Coffee Table*

Apollo is part of our perennially popular Avenues collection, embodying timeless style and easy versatility. This rectangular coffee table features a generous bar width that lends it a sense of gravitas. Its strong, solid lines bring structure and cohesion to a sitting area, anchoring the furniture around it and establishing a sense of balance. It's customisable to the dimensions of your choice, and available with or without a bottom shelf. We can make the Apollo with a glass top and metal frame in a selection standard or specialist steel finishes, as well as in stainless steel. To see all of our finish options have a look at our Finishes & Materials page.
