

Avalon Console Table

The Avalon is a contemporary console table which brings together two metal bases invisibly bonded to a glass top. It's a sculptural piece that combines functionality with an elemental sort of beauty. In bronze, we can treat the bases to your liking, either patinating them for a complex, antiqued look or polishing them for a clean and modern effect. Alternatively, we can make the bases in steel, which opens up our full selection of standard and specialist finishes.
