

Cloud Floor Length Mirror

The Cloud is a distinctly modern mirror with an organic yet crisply executed shape. Here we've updated the original Cloud design, stretching it out into a larger, longer, and leaner floor-length mirror that makes for a true focal point. It has a sleek, refined look in our standard or specialist finishes, though if you're looking to make an especially strong impact, we'd recommend one of our technicolored 'Butterfly' finishes.
