

EXE BENCH

The Exe is a modern take on the refectory bench, with a solid wooden top extending over two elegant steel bases. It makes a wonderful companion to our Exe Dining Table, while also working well in a hallway or garden room. The warmth of the wood lends the piece well to countryside environments, carrying a slight contemporary edge in the metallic legs, finished in any of our standard options. Exe is among the bestselling pieces in the Tom Faulkner range, thanks to its versatility, timelessness, and easy functionality.

Materials:

Base: Steel frame with Wood top

Finishes: Standard

Lead Time:

10 Weeks
