

Flint Rectangular Coffee Table

Flint is a simple modern coffee table with an effortlessly elegant feel. Each of the legs is hewn by hand with the utmost precision. They taper as they approach the floor for a refined stiletto effect. The result is an especially versatile coffee table with a classic look that works wonders in traditional and contemporary interiors, alike. Finish the design with a glass top for an especially sleek and streamlined look, or opt for marble to create a rich sense of materiality.
