

Hanover Round Coffee Table

The Hanover is a modern round coffee table with a distinctly elegant feel. This is a design made to last, with a carefully handcrafted base and swooping lines that create a timeless look. The lean legs taper as they near the floor, giving Hanover a hint of delicacy. The nimble curves of the base link to unite the piece, echoing the shape of a rounded tabletop of either glass or marble. If you have your own particular dimensions in mind, we're happy to tailor the piece to create a bespoke coffee table to suit your needs. Complete the effect with the standard or specialist finish of your choice.
