

Lexington Nest Tables (Avenues Collection)

The Lexington nest is a combination of three Lexington side tables that fit neatly together, though they also look great as standalone pieces. It's a practical addition to any space, with a timeless feel characteristic of all the designs in our Avenues collection. This combination can be custom made to your preferred dimensions and finished in any of our specialist or standard finishes. You can then pair the frames with tops of clear glass, antiqued mirror, or verre eglomise.

Materials:

Frame: Steel, Top and shelf: Glass including antiqued mirror

Finishes: Standard & Specialist

Lead Time:

10 Weeks
