

Lily Cocktail Table with 'Moon' Finish Base

For this version of the Lily cocktail tables, the bases are made in our distinctive 'Moon' finish. The tops and bases are created using a traditional blacksmithing technique, which leaves the surface of the steel deeply textured but beautifully smooth to the touch. The stems are similarly treated, giving them a hammered effect. You can find out more about the magic behind the 'Moon' on our website.

Materials:

Base: Steel finished in Anthracite. Top: Marble, Bronze or Steel
