

Lily Upholstered Ottoman

This refreshed take on Lily reimagines the much-loved silhouette as a fully upholstered ottoman. It carries a softness to its form, with rambling, continuous curves inspired by nature. The shape is made all the more inviting upholstered in your choice of fabric covering its entirety. The result is a design-forward contemporary ottoman which pairs beautifully with other pieces from the expansive Lily collection. If you're looking to introduce an element of contrast, do consider our classic Lily ottoman, which combines a tactile upholstered top with crisp metallic sides.

Materials:

Base: Fabric – COM

Finishes: Standard
