

Madison Rectangular Mirror

The Madison rectangular mirror is simplicity itself. Clean lines and harmonious proportions make it a wonderfully versatile piece, which is equally at home in a contemporary city apartment and a traditional country home. The design is available as a custom made mirror with made-to-measure dimensions and a choice of standard or specialist finishes. It's especially effective hung above a console table or vanity, creating an elegant focal point. For inspiration on how to choose a mirror, have a look at our Journal.
