

Papillon Cocktail Trolley

Our Papillon cocktail trolley is a fine friend to those who like to entertain. It's a supremely functional design that makes hosting a joy, introducing a visually captivating focal point to an evening with friends. This larger rectangular format creates space for a spread of delights, with added surface area for glasses and garnishes. The upper and lower shelves of this bar cart are both useful and beautiful, especially in dichroic glass, which brings in a mercurial, reflective quality that plays with the light as it filters through, casting pools of technicolored luminosity across the floor below.
