

Papillon Round Dining Table

The delicate, rhythmic framework of this metal round dining table makes it a true statement piece. Its inspiration came from the intricate patterns of butterfly wings, in all their lightness and dynamism. The Papillon presents a beautiful gathering point in intimate dining areas, with its circular format creating an especially engaging dynamic. We'd suggest pairing it with our matching stools to complete the nature-inspired vignette. The Papillon also makes a striking feature piece in an entryway, particularly when the base is finished in one of our specially developed 'Butterfly' colourways. This bespoke round dining table can be crafted to your preferred dimensions and topped with glass or marble. To find out more about selecting the right dining table shape and size for you, have a look at our guide.
