

### *Papillon Stool*

The Papillon range was inspired by Tom's travels in Joshua Tree, where he was struck by the sinuous seams of rock formations. Delicate metalwork pairs with vivid colour to produce a contemporary stool with a light and airy form. The piece is available in any of our standard, specialist, and 'Butterfly' finishes, so you can truly make it your own. The upholstery is highly customisable as well, whether you opt for a fabric or leather top. To create a complete vignette, consider clustering these stools around a matching Papillon table.

#### **Materials:**

Base: Steel, Upholstery : Sheepskin, COL, COM
