

Siena Rectangular/ Square Coffee Table

Siena is a strong and sleek design with solid, clean lines. As with the Madison and Apollo, we can custom build it to the measurements of your choice for a perfect fit. You can then select the standard or specialist finish of your choice and pair that with a top of glass or marble. The full range of finishes and materials are available to view here. As a part of our pared-back Avenues collection, the Siena design is a prime example of the perfect heirloom furniture piece. Its form is simple and marble is extremely durable, ensuring Siena will stand the test of time and adaptability, working wonderfully in any style of interior. Siena is an excellent introduction to the Tom Faulkner design process. It's a simple piece of furniture that can have subtle design elements changed to make it a beautifully bespoke piece.
