A V E N U E S

Welcome to our latest AVENUES brochure.

Avenues has grown to be one of our most established, and versatile collections. It is made up of three different ranges - Lexington, Madison and Siena. All of them are strong, clean, and uncomplicated.

Avenues pieces do not shout – they are understated and elegant. All are handmade and finished in our UK workshop by our skilled craftspeople.

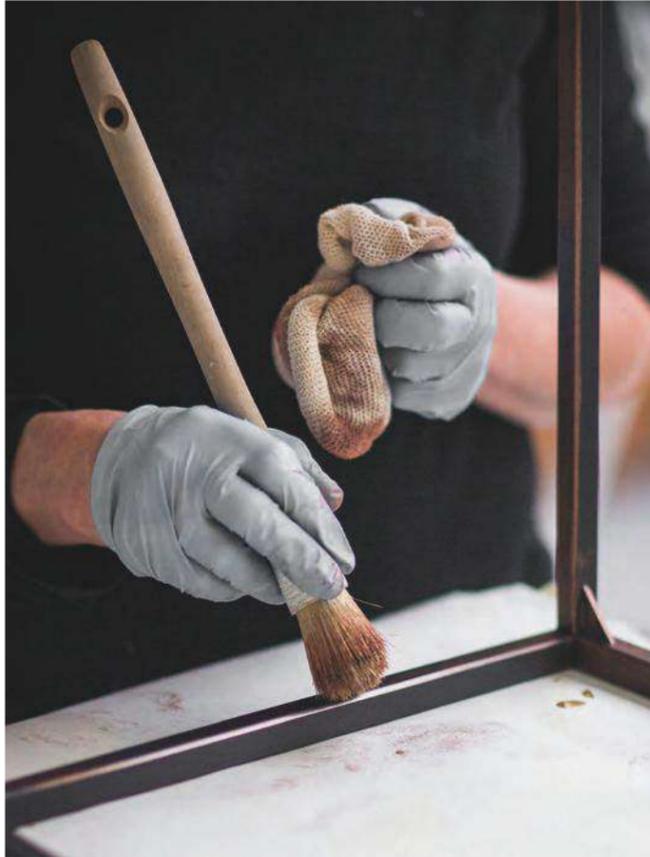

The beauty of Avenues is that every piece is fully customisable. Dimensions, shape, top, and colour can all be chosen to suit your requirements. So in effect you can create your own table.

There are a multitude of finishes available including our unique hand applied specialist colours.

Tops may be in glass, stone, or metal. Go further and you can choose between antiqued or verre églomisé glass, and several different marbles.

We finish our AVENUES tables in one of two ways:

- 1. Standard finish - powder coating, which is a very contemporary, clean and even finish.
- 2. Specialist finish - unique to us, these finishes are applied by hand using metal powders, varnishes and pigments.

Opposite shows the standard details that differentiate each design in the AVENUES collection.

The beauty of Avenues is that every piece can be tailor-made to suit your requirements.

Apart from the many finishes and top options, you can customise further by specifying the dimensions (including the height) and adding shelves.

You can even have a hybrid design - for example a coffee table in a 'Siena' frame size (20x20mm) with a 'Madison' foot detail.

The possibilities are endless.
